Thanks for choosing the EZLSPB10 Series!

You're excited to power up, so we'll keep this brief. Let's get started!

CAUTION:

Read instructions and warnings before operating!

SAVE THESE INSTRUCTIONS! READ ALL INSTRUCTIONS!

SAFETY INSTRUCTIONS

WARNING: To avoid serious injury or death from electrical shock or fire:

1. **DO NOT** handle this fixture or try to plug it in when your hands are wet or damp or when standing on a wet or damp surface or in water.
2. This fixture **MUST ALWAYS BE USED IN ACCORDANCE WITH ALL ELECTRICAL AND SAFETY CODES AND ORDINANCES.**
3. ALWAYS make certain that the power source conforms to the rating on the fixture.
4. ALWAYS disconnect the power before servicing or inspecting the fixture for any reason.
5. This fixture is suitable for indoor/outdoor use. The fixture can be used outdoors in rain or damp conditions.
6. **CAUTION: RISK OF ELECTRICAL SHOCK.** Do not use in or near standing water, or where water may accumulate. Keep this fixture at least 16 feet from pools or spas.
7. **DO NOT** use in potentially dangerous locations, such as in flammable or explosive atmospheres.
8. **NEVER** operate the light with the clear protective glass broken or removed.
9. **NEVER LOOK DIRECTLY INTO LIGHT SOURCE.** LEDs are extremely bright and can damage eyes with prolonged exposure.
10. KEEP AWAY from heating vents, radiators, or other sources of heat.
11. Turn off the light before charging to avoid the battery life reduced.
12. Do not use alcohol, flammable solutions or other solvents nearby or for cleaning of the warning light. Only clean the warning light with warm water and a soft cloth.
13. Supervise children when using the warning light.
14. The warning light is waterproof when used in accordance with manufacturer's instructions.
15. For damage caused by abnormal use, the user should be responsible for it.
16. A li-ion battery cell is included in this fixture. DO NOT replace the battery cell yourself. It should be serviced by a qualified repair person using only identical replacement parts. This will ensure the life of the fixture is maintained.
17. In rare circumstances, liquid may be ejected from the battery, avoid contact. If contact accidentally occurs, flush with water. If liquid contacts eyes, immediately seek medical help. Liquid ejected from the battery may cause irritation or burns.
18. Recharge only with the charger specified by the manufacturer. A charger that is suitable for one type of battery pack may create a risk of fire when used with another battery pack.

SPECIFICATIONS

1. Handle
2. Fix screw
3. U-shape bracket
4. Stand bracket
5. Power switch
6. Power socket
7. LED indicator
8. Stand bracket fix screw
9. AC/DC adaptor

9. AC/DC adaptor (VDE)

9. AC/DC adaptor (UK)

- Power: Max. 10W
- Degree of protection: IP44
- Material: Aluminum die-casting
- Color temperature: 6000K
- Luminous Flux: 250lm
- Beam angle: 120 degree
- Running time: 3 hours
- Charging time: 4 hours

Luminaires equipped with non-replaceable LED modules.

Model Name		Other
EZLSPB10 /EZLSPB10UK	3.7 V D.C. Max. 10 W, Class III, IP44	LED chip is non-replaceable and cannot be changed, it is powered by a lithium battery inside. Battery manufacturer: Changhong Sunpower Co.,Ltd
Li-ion Battery	3.7V D.C. 2200mAh	Battery manufacturer: Changhong Sunpower Co.,Ltd
Battery chargers	XH0420-1000WG XH0420-1000WE	Input: 100-240 V ~, 50/60 Hz, 0.3 A Output: 4.2 V D.C., 1000 mA Approved Cl.II, IP 20 independent isolating battery charger, manufacturer: Xiamen Xunheng Electronics Tech Co.,Ltd

ASSEMBLY INSTRUCTIONS

Fasten the light to the Stand Bracket (4) with the Stand Bracket Fix Screw (8) as shown and tighten. Note the round washer located on top of the U-shape Bracket (3). Fasten the light to the "H" Stand (4) with the Knob (8) as shown and tighten. Note the round washer located on top of the Bracket (3).

OPERATION

Press the switch 'I', the work light will be ON.

Press the switch 'O', the work light will be OFF.

To recharge, plug the charging cable as shown below.

Note: Recharge only with the charger specified by the manufacturer.

Loosen the knobs on sides to adjust the angle of the light head to aim light where needed. Retighten the knob to secure position.

Loosen the knobs on the base to adjust the rotation of the light head to direct light where needed. Retighten the knob to secure position.

LAMP REPLACEMENT

The LED chip in this fixture is not replaceable. It will last up to 50,000 hours and is not subject to breakage due to shock like typical halogen or incandescent lamps.

MAINTENANCE

Remove dirt and grime as soon as it accumulates. Use a soft, damp cloth and mild soap, if needed.

NEVER submerge any part of the work light in any solution to clean it.

DO NOT USE solvents (such as gasoline, turpentine, etc.) to clean the work light.

Environmental Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment.

WEEE Regulations

Dispose of this product at the end of its working life in compliance with the EU Directive on Waste Electrical and Electronic Equipment (WEEE). When the product is no longer required, it must be disposed of in an environmentally protective way. Contact your local solid waste authority for recycling information.

Battery Removal

Remove the 6 screws on the back of the lamp. Remove the back casing and disconnect the wiring from the circuit board. Remove 4 screws to remove the battery. Dispose of according to local government guidelines.

Under the Waste Batteries and Accumulators Regulations 2009, Jack Sealey Ltd are required to inform potential purchasers of products containing batteries (as defined within these regulations), that they are registered with Valpak's registered compliance scheme. Jack Sealey Ltd's Batteries Producer Registration Number (BPRN) is BPRN00705.

NOTE: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

IMPORTANT: No liability is accepted for incorrect use of this product.

WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim.
